- Ko sem pregledovala naloge, sem opazila, da ste imeli težave predvsem pri WH vprašalnicah. Prosim pobrskajte po zvezku nazaj in osvežite znanje. Večinoma ste izpuščali **pomožne glagole** – saj veste, ko se sprašujemo po osebkju – KDO ALI KAJ – pomožnega glagola ni! Ko pa se sprašujete z vsemi ostalimi vprašalnicami (po predmetu), MORATE dodati pomožni glagol – katerega, je odvisno od časa, v katerem je stavek (did – preteklik, does/do, sedanjik ...). Spomnite se – to smo enkrat reševali na tablo (ko sem opazila, da vam dela težave).
- Bralno razumevanje vam je večinoma šlo.
- Naloge s časi ste lahko preverili sami – kako vam je šlo tukaj?
- Besede za oblačila in vprašanja po izgledu, karakterju ...najdete v učb. str 83/84, nekaj pa tudi v DZ, str. 73, 76, 74.
- Ponovite nepravilne glagole. Na mail vam bom poslala tabelo, ki vam bo morda v pomoč pri učenju nepravilnih glagolov.

Bodite lepo,

Učiteljica Lavra
